

To Whom It May Concern: I would appreciate it if the FCC would not allow LPFM stations to take priority over current FM translator service. I am a listener of K-LOVE radio, and I do not want to lose my local access to this station. It is the only station I listen to because it is the only station that is interested in building-up people with positive and encouraging messages. All other stations seem focused on the opposite. My community would be a darker place without K-LOVE and I believe the public interest would not be well-served if K-Love was taken off the air. For America to keep its dream alive, it must have the foundational values promoted by K-LOVE. I ask again that the FCC not make this proposed change. Thank you.
